SCHOTICKET

SchoTickets are our individual class packs, or punch cards. At Schotime, we know our families are incredibly busy balancing multiple sports and activities- we've been there! Our SchoTickets are perfect for those who are interested in trying dance without the recital commitment. Blackout dates and certain restrictions apply.

If you purchase a class pack with 10 classes or greater, you will receive a physical punch card. Every 10th class punched, you get one free class!

Every class punch card purchased requires a \$10 registration fee to be paid in full with the amount of payment for your punch card.

Classes must be signed up for in advance. If cancelling, you must do so within 5 hours of class to avoid losing a class credit.

Our SchoTickets are priced based on the amount of time the class is. SchoTickets can be transferred to a different dancer and a different class, as long as the time of the class is the same or less than the punch card you have.
