

2026-2027 Season 5

Fall Classes Begin August 17th

DANCE WITH ME

Toddler and Caregiver Classes

Dance With Me Program (child with a caregiver)

Mondays 11:00 - 11:45am

No official age minimum. This class is best suited for walking toddlers up to around age 3. If your dancer is between 2.5-3 years old and not quite ready to be in class independently, we recommend starting with a Dance With Me session to help them ease into the studio environment.

For class attire, we suggest socks for adults and bare feet or ballet shoes for toddlers and clothing that's easy to move in.

This class is offered in sessions. No drop-ins available.

To participate, dancers must be registered for the full session.

Spots fill fast, so be sure to reserve your place early through your Studio Pro account!

ADULT AFTER-PARTY

Adult Classes for 18+

Our adult classes are always changing, with rotating styles and options you will not want to miss. It is the perfect way to stay active, try something new, and have fun in a welcoming environment.

Email us at info@schotimedancecenter.com to learn more about our current adult class options and get involved!

PreScho A

For ages 2.5 to 3.5, this class is perfect for little ones brand new to the world of dance! Caregivers do not stay in the room during class, but we have large viewing windows so you can watch the fun. Dancers explore ballet and creative movement in an engaging, age-appropriate way. Water bottles are welcome, and we aim to stay in the studio for the full class duration.

PreScho B

Recommended for ages 3.5 to 4.5, this level is great for dancers who may have completed a PreScho A class or are ready to start learning and retaining more dance vocabulary. We focus primarily on ballet and jazz, and only ballet shoes are required.

PreScho C

Our most advanced preschool classes, designed for age 5 or dancers ready to shift from creative movement into more technical skills without losing the fun! This class is best suited for dancers who are currently in a 4K preschool program or kindergarten.

Choose from:

- Pizazz – A high-energy, jazz-focused class (jazz shoes required)
- Twirl – A ballet-based class with graceful foundations
- Hip-Hop/Flip-Flop – A fun blend of hip-hop and beginner acro tumbling
- Tiny Taps – A playful introduction to tap where dancers explore rhythm, timing, and basic tap sounds in a fun, age-appropriate way (tap shoes required)

Throughout the year, our teachers may recommend bumping your dancer up to the next level if they're ready. However, if a certain class time works best for your family that's not in your exact age category, you can be confident that our full preschool curriculum is developmentally appropriate, enriching, and engaging at every level. Your dancer will grow and thrive no matter which class they're in!

MAIN STAGE

4th grade and up

Our leveled program is designed to support long-term growth.

Dancers progress through levels based on skill and experience, not always age or grade. Unlike school, it's common (and encouraged!) for dancers to remain in the same level for 2-3 years to build a strong foundation before moving up. Progression depends on consistency, how many classes are taken each week, and individual development.

Most dancers in our leveled program take an average of three classes per week across different styles to see the most growth but that's not required.

Not sure where to start?

We're here to help! Email us at info@schotimedancecenter.com or try a free trial class to find your best fit. You're also welcome to try multiple styles, we'll help you figure out what works best for you!
